IT ALL HAPPENED SO FAST...

One minute the two Space Hab astronauts were scoop-diving the atmosphere, the next day they'd been shot down over the North Dakota glacier and were the object of a massive manhunt by the United States government.

That government, dedicated to saving the environment from the evils of technology, had been voted into power because everybody knew the Green House Effect had to be controlled, whatever the cost. But who would have thought that the cost of ending pollution would include not only total government control of day-to-day life, but the onset of a new ice age?

Stranded in the anti-technological heartland of America, paralyzed by Earth's gravity, the "Angels" had no way back to the Space Habs, the last bastions of high technology and intellectual freedom on, or over, the Earth. But help was on its way, help from the most unlikely sources....

Join #1 national bestsellers Larry Niven and Jerry Pournelle, and Michael Flynn in a world where civilization is on the ropes, and the environmentalists have created their own worst nightmare. A world of Fallen Angels.

'Lost' Series Now On Videocassettes

For the first time in the U.S., the 77 episode Star Blazers series is being issued on videocassettes. The programs come two to a tape until the final episode, which is not only in a class by itself — it's on tape by itself. Because of the odd number of programs produced, the ultimate episode is singular in more ways than one. To be fair, we've established a bare bones price for the series, as you can see.

FOREWORD

by Harry A Hopkins

Sadly, this past year (Nov. 2nd) saw the passing of one of the greats of Fandom. Few people know that Donald A. Wollheim was an inspirational force behind the first edition of Fandom Directory in 1979. Somewhere deep in his list of many writing, editing and publishing credits you will find that Don Wollheim's "A Brief History of Science-Fiction Fandom" appeared as a featured article in the first edition of Fandom Directory published in February 1979. Throughout our 13 years of publishing this huge fanzine, Don continued to encourage excellence and provide support. Thanks for the inspiration Don, I hope you like the way things turned out.

As Don would say, "fandom is always changing." So too, Fandom Directory is keeping up with the times. When the Directory first started, the main ways for fans to contact each other were in person, through the mails, and on the phone. As such, we published lists of zines, clubs, cons, stores, and fans names, addresses and telephone numbers. As we proceed further into the 1990's many new ways for fans to keep in touch are penetrating Fandom.

Beginning with this edition, we will be publishing two new indexes designed to help fans come together. On page 216 you will find our new Electronic Communications Index. This index lists the Fax Phone number, Modem Phone number, Compuserve ID and Genie ID of the 240 folks we have this information for. Our second new index is the Computer Bulletin Boards Listing which begins on page 219. Here you will find information on about 50 computer-based bulletin boards around the world which have set aside special places for fannish interests or are wholly taken up by fandom-related topics and discussions. When you logon, tell the SYSOP that the Fandom Directory sent ya.

Some who have been with us for a few years will probably notice that the type quality of this edition is much improved over prior editions. This is a result of new desktop publishing software which I have finally begun to figure out how to use. I hope to have all the bugs worked out by the next edition so we can see the entire 1992-93 edition typeset using desktop publishing software and our Hewlett Packard Laserjet III. I hope you like the new look.

Our cover this year comes to us from Csaba Jansco of Budapest, Hungary. His beautiful brushwork and attention to detail have created a distinctive fantasy cover which both graces the front of this book and adorns our office wall.

In this year's artwork contest we received so much excellent artwork, I had to let the judges award 6 additional Honorable Mentions, to pervent a riot. In all, we received 186 submissions from a record number of 127 artists. The judges awarded the Grand Prize ($250) to Marty D. Salsman of Strafford, Missouri for his intricate theme entry, and the First Prize ($100) went to Jim Kuzee of Grand Rapids, Michigan. They also awarded 10 Second Prizes and 14 Honorable Mentions (intead of the usual 8). (Okay judges, now will you let Mariane out of the basement?!)

Fanzines, clubs and conventions must recertify with us each year. A record six hundred forty-eight fan publications (see page 21), and 1,036 fan clubs (see page 83) submitted information this year. Also 578 conventions (see page 59) came to us with information on their con dates between now and the year 2000.

Randall Scott celebrates his tenth anniversary with us as a contributing editor by bringing you listings on a record number of 129 Research Libraries of Interest to Fandom. His index was one of the first I typeset with the new software, so if there are any mistakes, you can blame me and not him. Keep up the great work Randall. (Ten years isn't so long, now is it?)

Our market research has shown that you really like our Customer Response Service. To see how well it works, just turn now to pages 558 and 559. The customer response form there can be used to get additional **free** information from any of our 1/4-page or larger advertisers in this edition. Just fill out the form and send it to us. We'll forward your name and address to the advertisers you indicate, and you'll promptly receive a response directly from them. What could be simpler?!

Another, behind-the-scenes event of note this year is an important financial one. It's called "break-even." I imagine some fan publishing endeavors never reach the point of breaking even, but this year saw, for the first time, our advertising revenues finally pay for printing the Directory. It took 72 pages of advertising in support of 488 pages of text making a 560-page edition to do it though! We appreciate your support of the advertisers within this edition. Your interest in what they have to offer will allow us to continue keeping the cover price of the Directory low and its quality and accuracy high.

TARGET the WORLD!

The *International Fan Location Service* finds buyers of what YOU have to offer, no matter where on Earth they may be!

* Direct mail advertising places your ad directly in the hands of fans, collectors, dealers, & others who are specifically interested in what YOU have to offer.

* Through the *International Fan Location Service*, you can pin-point your audience with selected lists and pregummed, zip-sorted mailing labels. *IFLS* can target such markets as "All Disney Collectors," "All Star Trek fans in the Eastern US", "All Marvel Comics dealers in California," etc.

* Convention organizers can reach a specific area of the US, and avoid the UNNECESSARY EXPENSE of advertising nationwide for a local convention.

* Fanzine publishers can reach hundreds of prospective artists and writers through direct mail communications.

* Dealers can select mailing lists targeted especially for their merchandise.

* Movie producers can reach any specialized audience they wish by requesting "Science Fiction," "Sword & Sorcery," "Horror" or any other film fan interests.

* Space advocacy groups can locate all the people on *IFLS* 's list who are interested in helping promote space exploration

* These are only a FEW of the possibilities open to you via the *International Fan Location Service*.

THE ART OF KEN KELLY

The power, excitement and drama that lives in Ken Kelly's work can be found here for the very first time. This long awaited book spans his entire career which began in 1968 with his classic cover paintings for Warren Magazine's CREEPY, EERIE, VAMPIRELLA and FAMOUS MONSTERS OF FILMLAND. His work has since graced the covers of such spectacular series as Robert E. Howard's CONAN, John Norman's GOR and Robert Adams HORSECLANS. Science Fiction Chronicle Gives You All the SF, Fantasy & Horror News That Fits!

Each monthly issue of Andrew Porter's *Science Fiction Chronicle*, published since 1979 and a Hugo nominee every year since 1980, brings you all the news of what's happening in SF and fantasy: who's written what, what editors are buying, where artists are showing their work, awards, conventions, news of fans & fanzines, a convention calendar, and lots of book reviews—400 a year, many before publication.

There's more: obituaries, 3 market report updates a year—the most complete in the field, bar none—for hopeful or established writers, letters, Jeff Rovin's *S.F.Cinema* on the world of Hollywood and TV, and, for those of you in the USA or Canada, a complete buyer's guide, 2 months in advance, of forthcoming SF, fantasy and horror titles, with prices and many cover reproductions, from both large and small presses. And World Fantasy and Bram Stoker Award-winning Steve Jones & Jo Fletcher's *London Report*, also with many cover reproductions, and photos, keeps you up to date on books and events in the UK.

All in a package that's clean, attractive, with minimal use of continued lines, with full color artwork covers, featuring some of the best artwork in SF and fantasy, by David Mattingly, Barclay Shaw, Victoria Poyser, David Brian, Tom Kidd, Don Maitz, and many others.

Issues are mailed by bulk rate or First Class in the USA, First Class to Canada, Airmail overseas, all sealed in polybags for protection from the post office. ***Subscribe today!***

NEW! **WEIRDBOOK 25** featuring:

TIME ENOUGH FOR LUNACY, **DARRELL SCHWEITZER**'s new *Tom O'Bedlam* story; THE THIEF IMMORTAL, by **BRIAN LUMLEY**; THE MONGFIND, by **PETER TREMAYNE**; also Peter C. Smith, Michael Bracken, Christopher Gilbert, Jessica Amanda Salmonson, Kevin J. Anderson, Diane Mapes, and Ardath Mayhar. Cover by FABIAN. **64 pp, $6 + $1 p&h**

WEIRDBOOK is my own personal *homage* to the old pulp magazine *WEIRD TALES*, featuring stories of fantasy, supernatural horror, and swords & sorcery. Even though *WEIRD TALES* has been revived, now, I am still producing issues of **WEIRDBOOK**. My 20th-year anniversary issue (double issue #23/24) featured 128 pages including new fiction by Brian Lumley, Joseph Payne Brennan, Darrell Schweitzer, Adrian Cole, Richard Tierney, etc.... too many to name here. Copies are **$10 + $1 p&h.**

MONEY BACK GUARANTEE. Send me $8 ($9 outside the U.S.). I'll send you **WEIRDBOOK 25** (a $6 value), and **THE WEIRDBOOK SAMPLER** (a 32-page item, a $3 value) postpaid. I'll include a DOUBLE-BARRELLED GUARANTEE SHEET. If you don't like **WEIRDBOOK**, just return the copy for a full refund. And keep the SAMPLER as a gift. That's one barrel! The second? You can get any seven back issues (counting #23/24 as two issues) for the subscription price of $25 ($30 outside the US). That's a cover-price value of up to $37, an offer I've never made anywhere before this year. It'll be your choice — money back guarantee OR special price on back issues. I'll include my catalog so you can see which ones you want. WEIRDBOOK is a World Fantasy Award winner. Isn't it time that *you* find out why?

Note: be sure to mention where you saw this offer when you order! Offer good till 1992.

RESEARCH LIBRARIES OF INTEREST TO FANDOM

Compiled by Randall W. Scott

This is the tenth annual RLIF directory, listing 129 libraries whose collections and policies indicate that they are of special interest to fandom. Updates and omitted or new information are always welcome and should be sent to Randall W. Scott, Michigan State University Libraries, East Lansing, Michigan 48824. Phone: (517) 353-4526.

Except where explicitly noted, the information is based on personal correspondence or visits to the libraries listed. The data on these collections is as accurate as I can make it as of January 1991.

Two groups of users are envisioned for this directory: readers and researchers who need the resources of a collection larger or more rare than they themselves can amass, and collectors, dealers or publishers looking for places to donate or sell their material. I have tried to include only collections that give the interests of fandom some pride of place, either by making their material non-circulating or through other special handling or designation.

Important: Call or write before you visit any of these libraries. One of the librarian's duties is to protect the collections for posterity. If you make yourself known in advance, we're less likely to seem like we're protecting the collection from you!

ALPHABETICAL LISTING

How To Use This Index

The entries in this listing are printed in alphabetical order. Each entry consists of a name, a state or province and a zip code. In the case of a country other than the U.S., Australia or Canada, no state is listed and the first six characters of the country are listed. To find out the full address, telephone number, status and interests of any entry, simply thumb to the state listed in the Zip Code Listing which begins on page 306. A period (".") in front of a name indicates a retail store which can only be found in the Retail Stores Index beginning on page 221. For your convenience we have included below a complete list of the two letter state abbreviations used by the U.S. Postal Service.

LAST MINUTE ADDITIONS & UPDATES

The following 57 entries were all received at the last minute. All these entries were received between February 7th and 16th. Some of them are new entries and some of them are updates to past listings. These names appear in none of the other indexes or listings in this edition. They were pasted up just prior to the delivery of the final pages to our printer on the 18th. These 57 made it in at the last second, but each year there are dozens of disappointed people whose data forms arrive too late for inclusion in the current edition. To avoid missing out, please get your information in early.

RETAIL STORES INDEX

HOW TO USE THIS INDEX

This index contains information on retail outlets which are open to the public, maintain regular hours and occupy a retail store front. The entries in this index are basically in zip code order. However, the states have been sorted alphabetically (i.e. Alabama, Alaska, Arizona, etc.). Following the United States are the Canadian provinces presented alphabetically with the individual listings in postal code order. Finally, the remaining countries are presented alphabetically. A period (".") following the telephone number of a listing indicates that further information on this listing is contained in the new Electronic Communications Index which begins on page 216.

ATTENTION ARTISTS

Beginning Sept. 1, 1991, we will accept entries for the Artwork Contest in the 14th annual *Fandom Directory.* The Grand Prize is $250 and the First Prize/Best-of-Theme is $100. All prize-winning artwork will be published in the Artists' Gallery within the pages of the new *Fandom Directory.* Each prize-winning artist is given a **free** full page to display his/her work in that edition. Some selected pieces of artwork may be displayed as spot illustrations within the pages of the *Directory.*

INSTRUCTIONS

1. All artwork must be submitted photo-ready on white paper using black ink. High quality photocopies are acceptable; however, poor copy quality may influence judging. We will return your originals if SASE is provided.

$250 GRAND PRIZE

2. Only black & white line drawings and prescreened drawings will be considered.

3. Artwork must be proportional to the printed size. (8 1/2" High by 7" Wide) (Exact size drawings or 8 1/2" Wide by 11" High drawings are preferred.)

4. You may send art for one or both of the following categories.

   (a) **Theme Category** ... Following the *Fandom Directory* theme, that is, a directory to all areas of fandom, **OR** a multi-fandom theme by relating to two or more fan interest areas in the art.

   (b) **Open Category** ... No special theme is required, but the subject matter should relate to fandom or contain material of fan interest.

5. **LIMIT:** One submission per artist per category. However, we are also accepting a limited number of spot illustrations for use throughout the *Directory.* Each artist having a spot illustration accepted for publication will receive a free contributor's copy of the 91-92 edition. Spot illustrations are not otherwise part of the contest.

6. Sign all work, and place your name, address, age and phone number on the back side of each contest submission. Spot illos need only have a name on the back.

INFORMATION

1. Artwork submitted in the Theme Category will automatically be considered in the Open Category, but not vise versa.

2. Artwork submitted in either category is eligible to win the $250 Grand Prize. If the Grand Prize comes from the Theme Category, a First Prize of $100 will be awarded to the winner of the Open Category. If the Grand Prize comes from the Open Category, then a Best-of-Theme prize of $100 will be awarded to the winner of the Theme Category.

$100 BEST-of-THEME

3. The Grand Prize and First Prize/Best-of-Theme winning artists' works will be given a featured position in the 1992-93 edition and they will each receive two free copies of that edition.

4. A minimumof 18 other prizes will be awarded.

   (a) Second Prize of two free copies of the 1992-93 *Fandom Directory* will be awarded to the next best ten artists. All Second Prize winners will be specially identified in that edition.

$100 FIRST PRIZE

   (b) At least eight honorable mention winners will have their artwork displayed and will receive a complimentary copy of the 1992-93 edition.

5. Submissions will be retained for possible future use unless return postage and envelope are provided. Art winning cash awards becomes the property of *Fandom Directory.*

6. We are also seeking artists to do strip art. Contact me at the address below for specifications and payment schedule. Please submit a sample strip(s) with your request. Strip artists retain all rights.

ZIP CODE LISTING

How To Use This Index

The entries in this index are basically in zip code order. However, the states have been sorted alphabetically (i.e. Alabama, Alaska, Arizona, etc.). Following the United States are the Canadian provinces presented alphabetically with the individual listings in postal code order. Finally, the remaining countries are presented alphabetically. A period (".") following the telephone number of a listing indicates that further information on this listing is contained in the new Electronic Communications Index which begins on page 216. For your convenience, we have included a list below of each state, province and country in this index with the page it begins on.

THE TAI-PAN

GOES WHERE NO FURRIES HAVE GONE BEFORE!

The **Tai-Pan** is a new shared universe for artists and writers, focused around the honest merchant vessel the **Tai-Pan**. Crewed by anthropomorphics and members of extraterrestrial races, the **Tai-Pan** struggles against space pirates, galactic politics, and sheer chance in an on-going effort to reach port and make a profit. These adventures of the ship and her crew are published in a high-quality, biannual magazine titled The Tai-Pan.

If you are a writer or an artist interested in anthropomorphics, or simply a fan who loves a good story and to look at great art work, don't miss out on the adventures of the **Tai-Pan** and her crew!

Fanzine Archive wants your help!

The American Private Press Association has been preserving amateur publications since before there was science fiction as a separate genre. Our collection was started in 1904. It now has well over 500,000 journals. It is by far the largest library of its kind in the world.

And the best thing is that it is in the hands of fans, not academic diletantes.

If you would like your fanzine preserved; or if you have a stash of fanzines you no longer want; or if you need information about a fanzine of the past; I encourage you to write to Mike Horvat, APPA, Post Office Box 73, Stayton, OR 97383 or call (503) 769-6088.

We're a non-profit organization, so you can get donation tax credit as well as a feeling of satisfaction for helping fandom.

ICEHOUSE

THE 100,000 YEAR OLD GAME FROM MARS

This game was originally created a thousand centuries ago, on the planet Mars. The ancient Martian civilization that created this highly unusual game is now long dead... but the game itself remains. We call it Icehouse.

Icehouse is a strategy game unlike any other. It discards the typical "Round Robin" system of taking turns, and frees the players to maneuver their pieces whenever they want to. Furthermore, Icehouse is played on a free form playing field. No game board is required, and no checkerboards or parcheesi pathways constrict the way pieces are played. You can play your pieces whenever and wherever you choose.

GLOBAL SUPREMACY

GLOBAL SUPREMACY is a play-by-mail wargame. The game begins in a post WW-III enviroment. All the countries of the world are basically equal in strength and resources, and at a technology level that existed prior to WW-II. The gameboard is the Atlas of the World. Players assume the position of Supreme Ruler of a country usually of their choice, complete with actual terrain, resource potentials, weather patterns, neighbors, boundries, spies, etc. all of whom compete for domination of the world and GLOBAL SUPREMACY. The game system utilizes actual military and industrial type units, which players choose to build and develop at their own discretion. The game is moderated by a Gamemaster who is computer assisted. The combination of human and machine Gamemastering utilizes the accuracy of the computer to operate the game, and track player movement, economic developments, battles, technology advancement, combat modifiers, etc.. The impartial Gamemaster adds realism to every action, while monitoring player's compliance with the rules. Role playing has a significant influence in the game. Players may develop a limited number of characters to perform specific actions, which adds to the already incredible amount of realism that this game develops during its expected 5 year playing time. The rules are simple to learn and it's easy to play the game, but the depth and subtleties of GLOBAL SUPREMACY are still being created by imaginative players. If you are interested in wargames, believe me, this one has it all. If you return this add with your list of 10 countries (in the order of preference you would like to play), we will give you a free set-up in our next game which is expected to begin on April 1, 1991. Official Rule books are $15.00, but you may obtain a copy of a rulebook for only $5.00.

Who is this man and why is he smiling?

Since 1963, he has been traveling the cosmos keeping the universe safe from the forces of evil. Now his friends in the United States are uniting confidently under one banner.

It's been twenty seven years in earth time since the TARDIS first landed on Totter's Lane. Since then, the Doctor has endured six regenerations, two threatened cancellations, countless monsters and villains, saving the galaxy more often, in more time zones, than any other intergalactic hero.

During his seven hundred odd years of life, many have been privileged to join him on his journeys through time and space. Susan, Zoe, Liz, Sarah Jane, Nyssa, Tegan, Peri, Mel and Ace are but a few of the Friends he's made along the way.

Truth

The Doctor prides himself on honesty, even when it threatens his very existence. He shows us that Good will ultimately triumph over Evil, regardless of the odds.

Reliability

The Doctor is always there when we need him. He demonstrates that strength comes from reliable *actions*, not just intentions. If he merely *intended* to save the world, all would be lost. Reliability is one of his greatest assets.

Responsibility

Actions have consequences. The Doctor accepts responsibility for his actions. He never neglects obligations to his Friends and companions.

Trust

The Doctor inspires trust. Whatever happens, we know that we can trust him to act for the good of mankind, not for his own selfish interests. He has shown us that those unworthy of trust are the only true villains.

Don't be just a FAN be a *Friend*

For over two years, *Friends of Doctor Who* has been working to build a national fan organization worthy of your trust and support. By actually applying ideals taught by the Doctor himself, *Friends* has grown into a vital, active organization that fans can trust for timely, accurate information. And we provide it reliably, honestly and consistently.

For a long time, fans in the United States have been without a strong, responsible national banner to gather under. Now we have one.

In case you haven't guessed, this man is the Doctor and that is why he's smiling

Bud Plant; Comic Art
Grass Valley, CA

"I've just spent 20 or 25 hours going through the Photo-Journal. I discovered hundreds of fascinating comics I'd never before seen, often by favorite artists. The artist information informed me of more inside work I'd been unfamiliar with. I found comics so rare I'll probably never see them except here, and I found a new perspective on the great creative period from 1936-1963."

"I'm at a loss for words that can do justice to the Photo-Journal. It's the most important book about comics since the Comic Book Price guide first appeared. If you're into art or design, funky covers or cheesecake, nostalgia or popular culture history...this is absolutely a must-have set $145 is a lot of money...but you'll be repaid a hundred-fold in hours of enjoyment. For the sheer quantity of covers and information—for the outstanding quality of reproduction—for the ultra-rare covers—this is a bargain. That's only 15¢ a page!"

"GRADING AS A SCIENCE, NOT AN ART..."

Comic Grading Service of America

The Comic Grading Service of America *("CGSA") is the first professional comic grading service to utilize a revolutionary, scientific grading system to assure you that the books you buy are graded more accurately and consistently than ever before.*

M	NM/M	NM	VFN/NM	VFN	FN/VFN	FN	VG/FN	VG	G/VG	G	Fr	Pr
100-91	90	85,80,75	70	65,60,55	50	45,40,35	30	25,20	15	10	6	3

NUMERICAL GRADING SCALE

The Comic Grading Service of America *uses the CGSA grading standard, the first ever based on a 100 point scale. CGSA examines each book on a defect-by-defect basis. A numerical value is assigned for each defect and serves as input into an empirical formula which then determines the final grade of each book. The new grading classifications remain recognizable but are now more precise. For example, Very Fine is further delineated into discrete grades of VF-55, VF-60, and VF 65. CGSA can now say, "Grading is a science and no longer an 'eye of the beholder' art."*

STANDARDIZATION

The CGSA standard of grades was arrived at by an extensive, two-year nationwide survey of most of the major mail order dealers. Using this approach, we were able to determine the generally accepted industry wide standard on the full spectrum of grades. From these surveyed dealers, the CGSA Bureau of Standards maintains a permanent, comprehensive sample of graded books (including pedigrees) whose quantitatively catalogued defects serve as a standing reference to our graders.

PROFESSIONAL GRADERS

Each book submitted to the CGSA is evaluated by a minimum of three expert graders each independently applying the CGSA system of grading; a final grade is awarded through a consensus approved by the head grader. This methodology ensures Buyer and Seller of an objective, reproducible, and accurate final grade.

CGSA GRADING CERTIFICATE

The certificate contains information detailing all defects that account for the condition of a book. This certificate is included with the book and provides a permanent record of the book's condition at the time of examination. This detailed information is always available to buyers through the ***Pacific Comic Exchange.***

CGSA RESTORATION CERTIFICATE

The CGSA, in collaboration with ***Susan Ciccone of The Restoration Lab,*** *requires all restored or suspected restored books to undergo a complete evaluation before they can be listed on the Exchange. A restoration certificate is then completed which details all procedures the book has undergone. This information is always available on-line or upon request to users of the Exchange.*
